Olympia, WA 98501

Re: Washington Certified Public Manager Graduation

Dear Dr. Koenings :

June 22, 2006 marks the graduation for participants of the Washington Certified Public Manager program. South Puget Sound Community College is pleased to honor

Craig Burley, Washington State Fish and Wildlife

Completion of the Washington Certified Public Manager program is an achievement that has taken two years of hard work, perseverance, and dedication. The requirements of the program are demanding, including completion of two work-related projects and two comprehensive exams. Completing the program requirements is a testimony to the graduate's commitment to raise the standard of excellence for public managers and leaders. Graduates receive the professional credentialing of Certified Public Manager by completing this nationally accredited program.

On behalf of South Sound Community College and the Certified Public Manager Program Advisory Board, I cordially invite you to join us in honoring the graduates. The ceremony will be held at 7:00 p.m. on June 22, 2006 at the Kenneth J. Minneart Center for the Arts, South Puget Sound Community College, Olympia, Washington. A reception will follow in the Center's lobby.

I hope you will join the graduates, their families, other agency directors, program staff and instructors, and college administrators in celebrating this grand achievement.

Sincerely,

Margaret Hoyer
Associate Dean for Leadership and Management Development
